Hey, Shalom everyone, it's Amir Tsarfati. You've been probably exposed to the video of Nick Fuentes of the last few days, where he actually reveals the truth about what is it behind the anti-Israel sentiment online over the past two-and-a-half years.

[Video of Nick speaking begins:] What changed in 2024 and 2025 is it became really in vogue and really popular for people to talk about Jews in Israel in a negative way, also just to talk about conspiracies in general. Suddenly that became the grift. It was being driven from foreign countries and the left, but I think it was driven in part, or maybe a lot, by the Muslim world, which is very engaged online, because they were the ones that war with Israel, because Palestine is their regional cause. And so suddenly anybody that wanted to blow up and, What's the hot topic? What's the woke take right now? What's the edgy take? What's the take that's going to get me the most notoriety? It's Israel, it's joining the Israel-critical cause, being a Jew-conspiracy theorist. And what grifters know how to do is just milk it. They were milking it for everything it was worth. Here's what I mean by this. If tweeting Israel critical sentiment gets them engagement and money, then like a mouse or a cat or any animal in one of these experiments, if they press a button and get a treat, if they press a button and get a treat, they're trained that this is what they're going to do every single day. Every day I press the button. And what's the button? "JFK said, Hitler's spirit will rise from the grave." "F* Israel"; "Jews did everything" "Oh, well,..." It started with,

“I think we should be able to criticize Israel.” Then it turned into “F* Israel.” Then it turned into, “Well, it’s all Jews.” Then it turns into, “Well, Hitler did nothing wrong.” Then it turned “Israel killed Charlie Kirk;” “Israel’s behind ICE” “Israel’s why we extradited Maduro.” And I think that basically that is what happened. [Video ends]

[Amir speaking:] For once, Nick Fuentes was right. But you probably don’t know that behind all of this “truth telling,” there’s something much bigger. Nick Fuentes is actually very angry that he has a lot of competition over the past few years. That the true Jew haters are now having a competition by those that are not true Jew haters, but only do that for grifting, to make money, to get attention, but that’s all. And he’s very angry that there is a Muslim, and there is a media, and there is a… I would say some efforts of countries from the region to push this anti-Israel narrative, and then of course, grifters are benefiting financially from it. He’s very angry. Why? Because true right-wing people should hate the Jews not for money, not for grifting, not because of Muslim influence, God forbid. True Jew haters should actually speak like this. [Video of Nick speaking begins:] Jews are running society. Protestants work for the Jews. Protestantism is a creation of the Jews. They want us to be enslaved goyim (Gentiles) to greater Israel. Every reason why people hate Trump has to do with the Jews and Israel.

So as you can see, he is the true person that truly hates them. And he’s very angry that a lot of people are hopping on that bandwagon just to make money. But I want you to understand something. The same Nick Fuentes that said all of these things also said, and we know because we saw his tweet from the day before the elections and the day of the midterm elections, he actually called everyone to go and vote Democrat. And do you know why? It’s very simple. Because he wants people to have the left, the radical left, ruling and controlling America and becoming such a bad experience that they will then run to the open arms of the far-right, people like him. He basically is laughing at the conservative

movement in America. He believes that these people are too weak; they won't be able to change anything; people like him need the power; they are the ones that can handle the far-left.

All of this, all of the situation in America is on the back of the Jewish people. The Jewish people that are, what is it, from what I understand, it's 2% of the American population; 98% of the Americans are non-Jews. And those 2% are the thing that is causing the Americans to either move from the far-left to the far-right. By the way, we're only 0.2% of the world's population. We're talking about unbelievable power that they attribute to the Jewish people. But I want to tell you something. If you truly want to understand the truth, and if you truly want to be able to understand what's going on around the world nowadays, you have to be very careful not to fall into that game of those podcasters who are playing with you, telling you one thing today and another thing tomorrow; letting you go through an experiment with this side so then you can run to the other side.

I want you to know one thing. It is true that Israel is the center of world events, but not because the goyim (Gentiles) are enslaved, or Trump is the one who helps them, or because they are so big and so good. No, it's because God chose them and the prince of this world hates them. In fact, the Bible says in the book of Zechariah chapter 12, the following thing. It says, **"2 'Behold, I will make Jerusalem a cup of drunkenness to all the surrounding peoples, when they lay siege against Judah and Jerusalem. 3 And it shall happen in that day that I will make Jerusalem a very heavy stone for all peoples; all who would heave it away will surely be cut in pieces, though all nations of the earth are gathered against it. 4 In that day,' says the LORD, 'I will strike every horse with confusion, and its rider with madness;'" [Zechariah 12: 2-4]**

Believe it or not, whether you want it or not, whether you are a "Nick Fuentes follower" or not, the day will come and all the nations of the world are going to come and turn against Jerusalem, against

the people of Israel. God already foretold us that. Israel *will be* the center of world events; Israel *will be* the reason for which God is going to judge all the nations of the world at that time. So, I'm not surprised at what I see. But what I want you to understand is that if you really want to understand what is going on, and why it is going on, and who is behind all of this, I don't think you should go to YouTube, I don't think you should listen to podcasters; you should go to the Word of God. You should understand the character of God, the nature of God, the choices of God. You should understand that God is immutable; He cannot change. You should understand that His promises are irrevocable; He cannot change them. You could also understand that His people, His people Israel, are irreplaceable. And whatever Satan hates God loves, and whatever God loves, Satan hates. And so when the nations of the world will be drunk from all this power and all this hatred towards the Jewish people, this is when God will show up and strike their horses with confusion and madness. God is not going to put up with all of this.

So, do not be deceived by the podcasters of today. Go to the Word of God and study and get familiar with who the Lord is and what His Word says. This is exactly why we try to help you as much as we can with books that will shed light on the Word of God and help you then to read it again and understand what it says. God is immutable, His promises are irrevocable, and God's people are irreplaceable.
