

FULL MOTION OUTDOOR TV MOUNTS

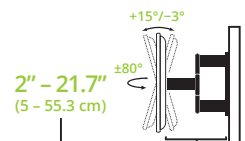

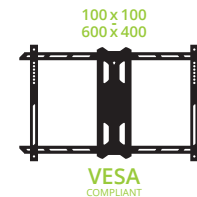

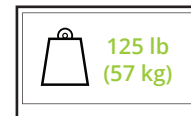

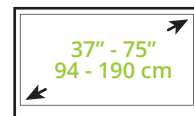

PDX650SG

Mount your TV in the harshest of environments with the PDX650SG. This class-leading full-motion outdoor TV mount offers fully articulating, stainless steel arms that let you watch your large TV weighing up to 125 lbs from any angle. Starting with a proprietary pre-treatment process, all metal surfaces are protected by a galvanized and UV-resistant powder-coated finish to ensure trustworthy operation for years to come. Included stainless steel Security Torx TV screws provide peace of mind while the all-metal cable management system resists degradation from UV exposure unlike plastics which may become brittle over time. Meeting the stringent criteria defined by UL 2442 part 2, PDX650SG is the benchmark for all other outdoor TV mounts.

CORROSION RESISTANT STAINLESS STEEL

Stainless steel articulating arms, together with galvanized and UV-resistant finishes culminate into an outdoor TV mount that will resist corrosion when left in even the harshest of environments.

CLASS-LEADING OUTDOOR PERFORMANCE

By passing rigorous outdoor-specific standards defined by UL 2442 PART 2, PDX650SG outdoor TV mount gives you peace of mind and the ability to secure a TV in any setting or environment.

SAFE & SECURE

TV screws with a specialized head that can only be loosened and tightened with the included Security Torx tools prevent tampering and reducing the chance of theft.

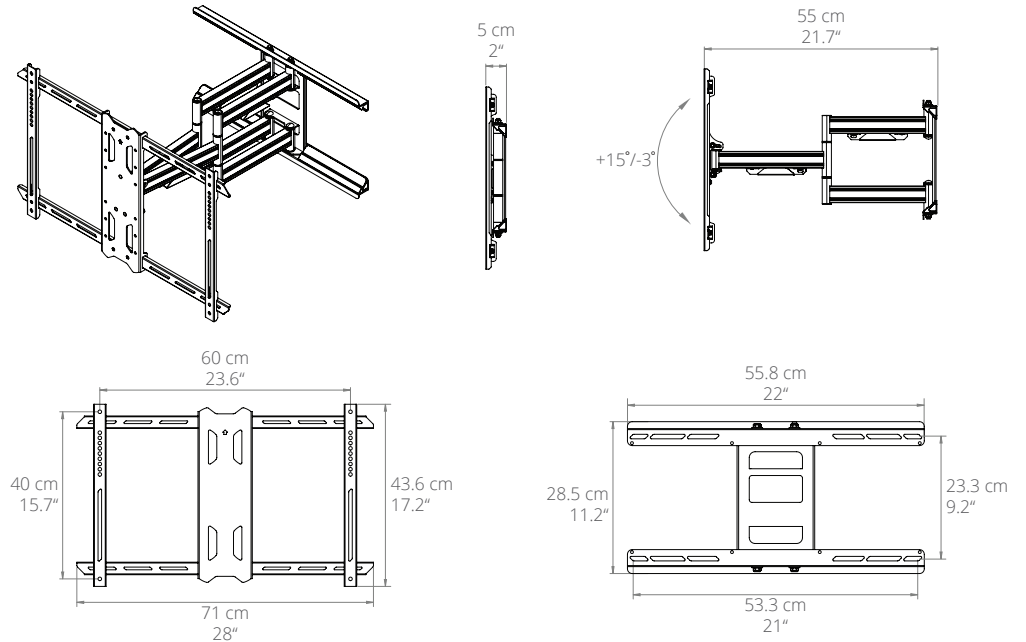

TRUSTWORTHY CABLE MANAGEMENT

The all-metal cable management system resists degradation from UV exposure unlike plastics which may become brittle over time.

ADAPTABLE VIEWING OPTIONS

The full-motion articulating arm design gives you the ability to tilt, swivel, and extend any TV weighting up to 125 lbs towards your viewing position while avoiding glare.
